

Dear Sir/Madam,

I am writing to provide an update on the preparations for KLH Bachupally's annual tech-fest, NOVUS 2026.

As a member of the organizing committee, I would like to share the progress made by our team so far. We have completed the initial planning and discussed the different activities and responsibilities required for the event. The organizing committee members have been assigned different tasks, and we have started coordinating with the respective teams. We have also worked on planning the schedule and identifying the requirements for the various activities. Some of the important tasks, such as discussing event ideas, assigning responsibilities, and preparing the basic event plan, have already been completed. We are currently working on the remaining arrangements and making sure that all the activities are properly coordinated. There are still a few tasks to be completed, including finalizing some event arrangements, checking the required materials, coordinating with participants, and reviewing the final schedule.

We will continue to keep you updated about the progress and inform you if there are any issues that require your guidance. Thank you for your support and guidance in helping us organize NOVUS 2026 successfully.

Regards,

Rohan,

Organizing Committee

KLH Bachupally.
